Purpose

This policy establishes normal working hours, attendance recording requirements, and the process for reporting lateness or absence.

Working Hours

Standard working hours are 9:00 AM to 6:00 PM from Monday to Friday, including a one-hour lunch break. Individual teams may have approved schedules that differ from these hours.

Attendance Recording

Employees must record their attendance through the company attendance system. Attendance records should reflect actual working days and approved leave or remote-work arrangements.

Late Arrival

Employees who expect to arrive more than 30 minutes late should inform their reporting manager as early as possible. Repeated unexplained lateness may be reviewed by the manager.

Early Departure

Employees who need to leave during working hours should inform their manager and follow the applicable attendance process.

Unplanned Absence

Unexpected absence should be reported to the reporting manager as soon as possible. The employee should provide an expected return date when it is known.

Meetings

Employees are expected to attend scheduled meetings during their working hours unless they have a valid reason or prior approval for absence.

Attendance Records

Employees should check their attendance records regularly and report incorrect entries through the appropriate support process.
